PROFESSIONAL SUMMARY

2024 graduate of Al-Hikmah University with a B.Sc. in Cyber Security (Second Class Upper, CGPA 4.27/5.00) and completed NYSC. I have built multiple production web applications through hands-on projects, developing strong skills in frontend engineering and UI/UX design. I am a fast learner with a strong work ethic, seeking an entry-level opportunity to contribute, grow, and build a meaningful career.

CORE SKILLS

Technical: Next.js, React, TypeScript, JavaScript, Tailwind CSS, HTML5, CSS3, Figma, Design Systems, Wireframing & Prototyping, Responsive Design, REST APIs, PostgreSQL, Supabase, Firebase, Git, GitHub, Vercel

Soft Skills: Communication, Problem-Solving, Time Management, Teamwork, Adaptability, Fast Learning, Attention to Detail

PROJECT EXPERIENCE

Frontend Development & UI/UX Design | Self-Directed

2024 - Present

- Designed and built multiple production-ready web applications from Figma wireframes to deployed, type-safe code using Next.js, TypeScript, and Tailwind CSS.
- Developed AI-powered platforms including an education portal, an e-commerce marketplace, and a Qur'an study platform.
- Collaborated with clients to translate business requirements into functional, responsive interfaces.
- Built reusable design systems and component libraries used across multiple projects.
- Conducted usability testing and iterated on designs based on user feedback.

SELECTED PROJECTS

Al-Bashir Academy LMS Portal

alhikmah-lms.vercel.app

TypeScript, Next.js, Design System, Paystack, AI Integration

- Built the full frontend for a production education platform: design system, course management, quiz builder, and analytics dashboards.
- Integrated Paystack for payment processing and an AI-powered study buddy feature.
- Developed a print-perfect certificate generator with QR-code verification and PWA support.

Rafaab, Premium E-Commerce Marketplace

github.com/mitchoder07/rafaab

TypeScript, Next.js, AI Shopping Assistant, Paystack

- Designed the brand identity and built a full e-commerce experience.
- Implemented an AI-powered shopping assistant, flash sales with live countdowns, and real-time order tracking.
- Owned both the Figma design system and the production React implementation.

Baca, Qur'an Study Web Platform

github.com/mitchoder07/baca-AI-qur-an

JavaScript, HTML/CSS, Groq LLM, Vercel Serverless

- Built a full-featured Qur'an reading platform with word-by-word analysis, reader themes, bookmarking, and gamified progress tracking.
- Shipped an AI chat assistant (Groq Llama 3.3 70B) via a Vercel serverless function.

Interactive Terminal Portfolio

Next.js 16, TypeScript, Framer Motion

- Built an interactive portfolio that functions as a shell. Visitors type commands to explore projects, skills, and design work.
- Available in 7 languages.

NYSC EXPERIENCE

IT Support & Frontend Developer, Federal University of Health Sciences, Ila

2025 - 2026

- Provided IT helpdesk support and built internal web tools for admissions workflows.
- Documented IT procedures to standardize support handovers.

Mathematics & Physics Instructor, Harmony Standard College, Osun State

2025 - 2026

- Delivered structured lessons in analytical reasoning and problem-solving.
- Simplified complex concepts for student understanding.

EDUCATION

B.Sc. Cyber Security, Al-Hikmah University, Ilorin, Kwara State
Second Class Honours (Upper Division), CGPA 4.27/5.00

CERTIFICATIONS

Python Essentials, Cisco | Cybersecurity Essentials, Cisco | End-Point Security, Cisco | Cloud Computing Essentials, IBM | Django Web Frameworks | AI for Everyone, DeepLearning.AI

AWARDS

Dean's List (Merit), B.Sc. Cyber Security | 100% Distinction, all university-level Mathematics & Calculation courses | 95% Outstanding Rating, SIWES Internship

LANGUAGES

Yoruba (Native), English (Fluent), Hausa (Fluent), Malay (Conversational), Arabic (Intermediate), Japanese (Basic), Chinese (Basic)
