Portfolio: <https://upin-portfolio.netlify.app/>

Address: No.25 Oyun Road, Adewole estate, Ilorin, Kwara State, Nigeria.

PROFESSIONAL SUMMARY

A motivated Cybersecurity graduate (Second Class Upper, CGPA 4.27/5.00) with hands-on IT support experience and a practical focus on securing digital systems. Proficient in network security, cryptography, and Python scripting, complemented by web development and UI/UX design skills. Actively building job-ready expertise through real-world projects, online certifications, and a commitment to continuous learning. Looking for opportunities that provide mentorship, hands-on experience, and a platform to make a meaningful impact in Nigeria's cybersecurity landscape.

Key strengths: Threat detection · Security auditing · Python & web development · IT troubleshooting · Security awareness · Penetration testing fundamentals

EDUCATION

B.Sc. Cyber Security **2024**

Al-Hikmah University, Ilorin, Kwara State, Nigeria.

Second Class Honours (Upper Division)/CGPA: 4.27/5.00

National Youth Service Corps (NYSC) **2025- 2026**

Nigeria

Senior School Certificate Examination (SSCE) **2019**

Al-Istiqomah College, Ilorin, Nigeria

High Schools Attended

Al-Istiqomah College, Ilorin, Nigeria

2018-2019

The Pearls International School, Sintok, Kedah, Malaysia

2016-2017

Al-Fateh International School, Kedah, Malaysia

2014-2016

WORK EXPERIENCE

Mathematics & Physics Instructor (NYSC) **2025 - 2026**

Harmony Standard College, Osun State, Nigeria

- Delivered structured lessons focused on analytical reasoning and problem-solving
- Simplified complex concepts for improved student understanding

Junior Developer

Federal University of Health Sciences, Ila (FUHSI), Nigeria

2025

- Assisted in basic software development tasks and system support
- Gained exposure to practical computing and system work flows

AI Internship

AI for Females in STEM(AI4FS), Summit University, Nigeria

2023

- Participated in introductory AI and data-related projects
- Gained foundational exposure to machine learning concepts

SKILLS

Technical Skills:

- Cyber Security fundamentals (network security, cryptography, system protection)
- Basic Artificial Intelligence & Machine Learning (Python, PyTorch – beginner level)
- Data analysis and problem-solving
- Programming: Python (intermediate), JavaScript (basic)
- Web Development: HTML (advanced), CSS (advanced), JavaScript (basic)
- Database: MySQL, Firebase

Tools:

- Wireshark, Kali Linux, Nmap
- Jupyter Notebook, Google Colab
- Git & GitHub
- Figma (UI/UX Design)

Soft Skills:

- Communication, Teamwork, Leadership, Analytical thinking, Creativity, Adaptability, Time management, Attention to detail etc.

AWARDS & ACHIEVEMENTS

- B.Sc. Cyber Security: Dean's List (Merit)
- Mathematics & Calculation Courses: 100% Distinction across all university-level assessments
- SIWES Internship: 95% Outstanding Performance Rating

PROFESSIONAL MEMBERSHIP

- IEEE Computer Society
- IBM SkillsBuild Program—Data Security and AI Integration
- Google Developer Groups
- Halogen Security
- Innovation and Advanced Science Research Group (IASRG)

PROFESSIONAL CERTIFICATIONS

- AI & Data Analysis: AI for Everyone (DeepLearning.AI), Cloud Computing Essentials (IBM)
- Programming: Python Essentials (Cisco), Django Web Frameworks
- Cybersecurity: Cybersecurity Essentials(Cisco), End-Point Security(Cisco)

PUBLICATIONS

- Yusuf, A.O & Saleem J.M (2024). Design & Implementation of a Web Based News Portal using HTML, CSS, JavaScript, PHP, MySQL 'Journal of Software Impacts' **(in review)**
